UPDATE

With reference to today's market activity, Northern Abitibi Mining Corp. reports that there are no material changes in the affairs of the company.

The Company's three main projects, namely the Douay Joint Venture, the South Voisey Bay project and the Keni Diamond project are inactive at present. Exploration work on these projects is not scheduled to resume in the coming month and no other exploration activities are ongoing at the present time.

All statements, other than statements of historical fact, in this news release are forward-looking statements that involve various risks and uncertainties, including, without limitation, statements regarding the potential extent of mineralization and reserves, exploration results and future plans and objectives of Northern Abitibi Mining Corp. These risks and uncertainties include, but are not restricted to, the amount of geological data available, the uncertain reliability of drilling results and geophysical and geological data and the interpretation thereof and the need for adequate financing for future exploration and development efforts. There can be no assurance that such statements will prove to be accurate. Actual results and future events could differ materially from those anticipated in such statements. These and all subsequent written and oral forward-looking statements are based on the estimates and opinions of management on the dates they are made and are expressly qualified in their entirety by this notice. The Company assumes no obligation to update forward-looking statements should circumstances or management's estimates or opinions change.
